ELSEVIER SCIENTIFIC PUBLISHERS IRELAND

International Journal of Cardiology 42 (1993) 318–322

International Journal of CARDIOLOGY

Subject index volume 42

α_2-plasmin inhibitor; Coronary artery spasm; Fibrinolysis (Hanada, K. (42) 263)

Absent pulmonary valve; Anomalous pulmonary artery (Sreeram, N. (42) 175)

Acute myocardial infarction; Aortic dissection; Thrombolytic therapy (Melchior, T. (42) 1)

Acute myocardial infarction; Atrial natriuretic peptide; Left ventricular dysfunction (Bellone, P. (42) 115)

Acute myocardial infarction; Polymorphonuclear neutrophils; Streptokinase; Chemotactic activity; PMN adherence (Klimas, R. (42) 239)

Acute myocardial infarction; Signal-averaged ECG; High frequency QRS potentials; Early prognosis (Berkalp, B. (42) 147)

Aged; Coronary heart disease; Chinese; Risk factor; Electrocardiogram; Cholesterol (Woo, J. (42) 249)

Aldosterone; Atrial natriuretic peptide; Circadian rhythm; Heart transplantation; Renin (Cugini, P. (42) 7)

Anesthetics; Biology physiology; Heart mechanics; Regional function; Heart, regional contractility; Heart, myocardial function (Meyer, T.E. (42) 197)

Angina pectoris; Bicycle ergometry; Coronary angiography; Coronary artery disease; ECG; Exercise test; Non-Q-wave myocardial infarction; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Angina pectoris; Nifedipine; Withdrawal phenomenon; Exercise tests (Martsevich, S.Y. (42) 298)

Angina pectoris; Transluminal coronary angioplasty; Revascularisation (Suresh, C.G. (42) 157)

Anomalous pulmonary artery; Absent pulmonary valve (Sreeram, N. (42) 175)

ANP; Atrial natriuretic peptide; Cardiac disease; Central pressures (Morici, M.L. (42) 15)

Aortic dissection; Acute myocardial infarction; Thrombolytic therapy (Melchior, T. (42) 1)

Aortic stenosis; Progression; Prognosis; Mild stenosis (Kitchiner, D. (42) 217)

Asystole; Dipridamole; Thallium-201; Beta blocker; Bradycardia (Roach, P.J. (42) 92)

Atrial natriuretic factor; Enalapril; Myocardial infarction; Noradrenaline (Omland, T. (42) 37)

Atrial natriuretic peptide; Aldosterone; Circadian rhythm; Heart transplantation; Renin (Cugini, P. (42) 7)

Atrial natriuretic peptide; ANP; Cardiac disease; Central pressures (Morici, M.L. (42) 15)

Atrial natriuretic peptide;Acute myocardial infarction; Left ventricular dysfunction (Bellone, P. (42) 115)

Atrial septostomy; Transseptal puncture; Laser; Echocardiography (Galal, O. (42) 31)

Autonomic diabetic neuropathy; Silent myocardial ischemia; Coronary artery disease; Pain threshold (Hartmann, A. (42) 121)

Bazett's formula; Serum calcium; Q-T interval (Ljutic, D. (42) 161)

Beta blocker; Dipridamole; Thallium-201; Asystole; Bradycardia (Roach, P.J. (42) 92)

Bicycle ergometry; Angina pectoris; Coronary angiography; Coronary artery disease; ECG; Exercise test; Non-Q-wave myocardial infarction; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Biology, physiology; Heart, mechanics; Regional function; Heart, regional contractility; Heart, myocardial function; Anesthetics (Meyer, T.E. (42) 197)

Bradycardia; Dipridamole; Thallium-201; Beta blocker; Asystole (Roach, P.J. (42) 92)

SSDI 0167-5273(93)01968-4

Brain's functional asymmetry; Myocardial infarction (Nikolaeva, E.I. (42) 245)

Captopril; Myocardial protection; Reperfusion (Di Pasquale, P. (42) 225)

Cardiac disease; ANP; Atrial natriuretic peptide; Central pressures (Morici, M.L. (42) 15)

Cardiogenic shock; Catheter closure; Postinfarction interventricular septal rupture (Sochman, J. (42) 302)

Cardiography; Coronary artery disease; Echocardiography; Myocardial infarction (Mittal, S.R. (42) 87)

Cardiotoxicity; 5-fluorouracil; Chemotherapy; Mycardial ischemia; Electrocardiogram (ECG) (Rastogi, N. (42) 285)

Cartotid sinus massage; Coronary artery disease; Left ventricular function (Alpman, A. (42) 277)

Case report; Pulmonary artery sling; Williams elfin facies syndrome (Okagawa, H. (42) 295)

Catheter ablation; Radiofrequency current; Wolff-Parkinson-White syndrome; Tachycardia (Wang, L. (42) 155)

Catheter closure; Postinfarction interventricular septal rupture; Cardiogenic shock (Sochman, J. (42) 302)

Central pressures; ANP; Atrial natriuretic peptide; Cardiac disease (Morici, M.L. (42) 15)

Chemotactic activity; Polymorphonuclear neutrophils; Acute myocardial infarction; Streptokinase; PMN adherence (Klimas, R. (42) 239)

Chemotherapy; 5-fluorouracil; Cardiotoxicity; Mycardial ischemia; Electrocardiogram (ECG) (Rastogi, N. (42) 285)

Chinese; Coronary heart disease; Aged; Risk factor; Electrocariogram; Cholesterol (Woo, J. (42) 249)

Cholesterol; Coronary heart disease; Chinese; Aged; Risk factor; Electrocardiogram (Woo, J. (42) 249)

Chroninc aortic regurgitation; R-peak time prolongation; R-peak delay; Risk indicators of irreversibly impaired myocardial function (Recke, S.H. (42) 129)

Circadian rhythm; Aldosterone; Atrial natriuretic peptide; Heart transplantation; Renin (Cugini, P. (42) 7)

Colour Doppler; Mitral regurgitatin; Proximal flow convergence region; Proximal isovelocity surface area (Grossmann, G. (42) 165)

Coronary angiography; Angina pectoris; Bicycle ergometry; Coronary artery disease; ECG; Exercise test; Non-Q-wave myocardial infarction; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Coronary angioplasty; Exhaustion; Coronary artery disease; Fatigue (Kop, W.J. (42) 269)

Coronary artery disease; Angina pectoris; Bicycle ergometry; Coronary angiography; ECG; Exercise test; Non-Q-wave myocardial infarction; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Coronary artery disease; Cardiography; Echocardiography; Myocardial infarction (Mittal, S.R. (42) 87)

Coronary artery disease; Cartotid sinus massage; Left ventricular function (Alpman, A. (42) 277)

Coronary artery disease; Coronary angioplasty; Exhaustion; Fatigue (Kop, W.J. (42) 269)

Coronary artery disease; Coronary artery dissection; Pseudoaneurysm (Pande, A.K. (42) 97)

Coronary artery disease; Silent myocardial ischemia; Autonomic diabetic neuropathy; Pain threshold (Hartmann, A. (42)
121)

Coronary artery dissection; Pseudoaneurysm; Coronary artery disease (Pande, A.K. (42) 97)

Coronary artery spasm; Fibrinolysis; α_2-plasmin inhibitor (Hanada, K. (42) 263)

Coronary heart disease; Chinese; Aged; Risk factor; Electrocardiogram; Cholesterol (Woo, J. (42) 249)

Desmin; Epidermal growth factor receptor; Heart development (Gámiz, J.M. (42) 107)

Dihydroxyphenylglycol; Fibrillation threshold; Tritiated catecholamine; HbA_{1c}; Glucose (Al-Adli, N. (42) 21)

Dipridamole; Thallium-201; Beta blocker; Asystole; Bradycardia (Roach, P.J. (42) 92)

Early prognosis; Acute myocardial infarction; Signal-averaged ECG; High frequency QRS potentials (Berkalp, B. (42) 147)

ECG; Angina pectoris; Bicycle ergometry; Coronary angiography; Coronary artery disease; Exercise test; Non-Q-wave myocardial infarction; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Echocardiography; Cardiography; Coronary artery disease; Myocardial infarction (Mittal, S.R. (42) 87)

Echocardiography; Atrial septostomy; Transseptal puncture; Laser (Galal, O. (42) 31)

Electrocardiogram (ECG); 5-fluorouracil; Chemotherapy; Cardiotoxicity; Mycardial ischemia (Rastogi, N. (42) 285)

Electrocardiogram; Coronary heart disease; Chinese; Aged; Risk factor; Cholesterol (Woo, J. (42) 249)

Enalapril; Myocardial infarction; Atrial natriuretic factor; Noradrenaline (Omland, T. (42) 37)

Endomyocardial fibrosis; Ventricular tachycardia (Mohan, J.C. (42) 89)

Endotoxin; Sepsis; Septic shock; Myocardial depressant substance; Tumor necrosis factor-α; Nitric oxide; Oxygen free radicals (Odeh, M. (42) 231)

Epidermal growth factor receptor; Desmin; Heart development (Gámiz, J.M. (42) 107)

Essential hypertension; Serotonin (Chandra, M. (42) 189)

Exercise test; Angina pectoris; Bicycle ergometry; Coronary angiography; Coronary artery disease; ECG; Non-Q-wave myocardial infarction; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Exerise test; Mitral valve replacement; Pulmonary hypertension (Zielinski, T. (42) 57)

Exercise test; R-wave; Myocardial infarction (Bednarz, B. (42) 139)

Exercise tests; Nifedipine; Angina pectoris; Withdrawal phenomenon (Martsevich, S.Y. (42) 298)

Exhaustion; Coronary angioplasty; Coronary artery disease; Fatigue (Kop, W.J. (42) 269)

Fatigue; Coronary angioplasty; Exhaustion; Coronary artery disease (Kop, W.J. (42) 269)

Fibrillation threshold; Tritiated catecholamine; Dihydroxyphenylglycol; HbA_{1c}; Glucose (Al-Adli, N. (42) 21)

Fibrinolysis; Coronary artery spasm; α_2-plasmin inhibitor (Hanada, K. (42) 263)

5-Fluorouracil; Chemotherapy; Cardiotoxicity; Mycardial ischemia; Electrocardiogram (ECG) (Rastogi, N. (42) 285)

Fourier analysis; P-wave; Mitral valve stenosis (Sgrigna, V. (42) 63)

Glucose; Fibrillation threshold; Tritiated catecholamine; Dihydroxyphenylglycol; HbA_{1c} (Al-Adli, N. (42) 21)

HbA_{1c}; Fibrillation threshold; Tritiated catecholamine; Dihydroxyphenylglycol; Glucose (Al-Adli, N. (42) 21)

Heart development; Desmin; Epidermal growth factor receptor (Gámiz, J.M. (42) 107)

Heart, mechanics; Biology, physiology; Regional function; Heart, regional contractility; Heart, myocardial function; Anesthetics (Meyer, T.E. (42) 197)

Heart transplantation; Aldosterone; Atrial natriuretic peptide; Circadian rhythm; Renin (Cugini, P. (42) 7)

Heart, myocardial function; Biology, physiology; Heart mechanics; Regional function; Heart, regional contractility; Anesthetics (Meyer, T.E. (42) 197)

Heart, regional contractility; Biology, physiology; Heart mechanics; Regional function; Heart, myocardial function; Anesthetics (Meyer, T.E. (42) 197)

High frequency QRS potentials; Acute myocardial infarction; Signal-averaged ECG; Early prognosis (Berkalp, B. (42) 147)

Hypertension; Left ventricular hypertrophy; Ventricular extrasystole; Serum electrolytes (Lumme, J.A.J. (42) 71)

Idiopathic ventricular tachycardia; Radiofrequency ablation (Sreeram, N. (42) 288)

Laser; Atrial septostomy; Transseptal puncture; Echocardiography (Galal, O. (42) 31)

Left atrial myxoma; Transoesophageal echocardiography; Myxoma; Right ventricular myxoma (Sharma, S. (42) 292)

Left ventricular dysfunction; Atrial natriuretic peptide; Acute myocarial infarction (Bellone, P. (42) 115)

Left ventricular function; Cartotid sinus massage; Coronary artery disease (Alpman, A. (42) 277)

Left ventricular hypertrophy; Hypertension; Ventricular extrasystole; Serum electrolytes (Lumme, J.A.J. (42) 71)

Metoclopramide provocation; Pheochromocytoma (Hsu, T.-S. (42) 79)

Mild stenosis; Aortic stenosis; Progression; Prognosis (Kitchiner, D. (42) 217)

Mitral regurgitatin; Colour Doppler; Proximal flow convergence region; Proximal isovelocity surface area (Grossmann, G. (42) 165)

Mitral valve replacement; Pulmonary hypertension; Exercise test (Zielinski, T. (42) 57)

Mitral valve stenosis; P-wave; Fourier analysis (Sgrigna, V. (42) 63)

Mycardial ischemia; 5-fluorouracil; Chemotherapy; Cardiotoxicity; Electrocardiogram (ECG) (Rastogi, N. (42) 285)

Myocardial depressant substance; Sepsis; Septic shock; Tumor necrosis factor-α; Endotoxin; Nitric oxide; Oxygen free radicals (Odeh, M. (42) 231)

Myocardial infarction; Cardiography; Coronary artery disease; Echocardiography (Mittal, S.R. (42) 87)

Myocardial infarction; Brain's functional asymmetry (Nikolaeva, E.I. (42) 245)

Myocardial infarction; Enalapril; Atrial natriuretic factor; Noradrenaline (Omland, T. (42) 37)

Myocardial infarction; R-wave; Exercise test (Bednarz, B. (42) 139)

Myocardial protection; Captopril; Reperfusion (Di Pasquale, P. (42) 225)

Myxoma; Transoesophageal echocardiography; Left atrial myxoma; Right ventricular myxoma (Sharma, S. (42) 292)

Nifedipine; Angina pectoris; Withdrawal phenomenon; Exercise tests (Martsevich, S.Y. (42) 298)

Nitric oxide; Sepsis; Septic shock; Myocardial depressant substance; Tumor necrosis factor-α; Endotoxin; Oxygen free radicals (Odeh, M. (42) 231)

Non-Q-wave myocardial infarction; Angina pectoris; Bicycle ergometry; Coronary angiography; Coronary artery disease; ECG; Exercise test; Unstable angina pectoris (Karlsson, J.-E. (42) 47)

Noradrenaline; Enalapril; Myocardial infarction; Atrial natriuretic factor (Omland, T. (42) 37)

Oxygen free radicals; Sepsis; Septic shock; Myocardial depressant substance; Tumor necrosis factor-α; Endotoxin; Nitric oxide (Odeh, M. (42) 231)

P-wave; Fourier analysis; Mitral valve stenosis (Sgrigna, V. (42) 63)

Pain threshold; Silent myocardial ischemia; Autonomic diabetic neuropathy; Coronary artery disease (Hartmann, A. (42) 121)

Percutaneous transvenous mitral commissurotomy; (Bahl V.K. (42) 178)

Pericardiocentesis; Ultrasound (O'Sullivan, J.J. (42) 95)

Pheochromocytoma; Metoclopramide provocation (Hsu, T.-S. (42) 79)

PMN adherence; Polymorphonuclear neutrophils; Acute myocardial infarction; Streptokinase; Chemotactic activity (Klimas, R. (42) 239)

Polymorphonuclear neutrophils; Acute myocardial infarction; Streptokinase; Chemotactic activity; PMN adherence (Klimas, R. (42) 239)

Postinfarction interventricular septal rupture; Catheter closure; Cardiogenic shock (Sochman, J. (42) 302)

Prognosis; Aortic stenosis; Progression; Mild stenosis (Kitchiner, D. (42) 217)

Progression; Aortic stenosis; Prognosis; Mild stenosis (Kitchiner, D. (42) 217)

Proximal flow convergence region; Mitral regurgitatin; Colour Doppler; Proximal isovelocity surface area (Grossmann, G. (42) 165)

Proximal isovelocity surface area; Mitral regurgitatin; Colour Doppler; Proximal flow convergence region (Grossmann, G. (42) 165)

Pseudoaneurysm; Coronary artery dissection; Coronary artery disease (Pande, A.K. (42) 97)

Pulmonary artery sling; Case report; Williams elfin facies syndrome (Okagawa, H. (42) 295)

Pulmonary hypertension; Mitral valve replacement; Exercise test (Zielinski, T. (42) 57)

Q-T interval; Bazett's formula; Serum calcium (Ljutic, D. (42) 161)

R-peak delay; R-peak time prolongation; Risk indicators of irreversibly impaired myocardial function; Chroninc aortic regurgitation (Recke, S.H. (42) 129)

R-peak time prolongation; R-peak delay; Risk indicators of irreversibly impaired myocardial function; Chroninc aortic regurgitation (Recke, S.H. (42) 129)

R-wave; Exercise test; Myocardial infarction (Bednarz, B. (42) 139)

Radiofrequency ablation; Idiopathic ventricular tachycardia (Sreeram, N. (42) 288)

Radiofrequency current; Catheter ablation; Wolff-Parkinson-White syndrome; Tachycardia (Wang, L. (42) 155)

Regional function; Biology, physiology; Heart, mechanics; Heart, regional contractility; Heart, myocardial function; Anesthetics (Meyer, T.E. (42) 197)

Renin; Aldosterone; Atrial natriuretic peptide; Circadian rhythm; Heart transplantation (Cugini, P. (42) 7)

Reperfusion; Captopril; Myocardial protection (Di Pasquale, P. (42) 225)

Revascularisation; Transluminal coronary angioplasty; Angina pectoris (Suresh, C.G. (42) 157)

Right ventricular myxoma; Transoesophageal echocardiography; Myxoma; Left atrial myxoma (Sharma, S. (42) 292)

Risk factor; Coronary heart disease; Chinese; Aged; Electrocardiogram; Cholesterol (Woo, J. (42) 249)

Risk indicators of irreversibly impaired myocardial function; R-peak time prolongation; R-peak delay; Chroninc aortic regurgitation (Recke, S.H. (42) 129)

Sepsis; Septic shock; Myocardial depressant substance; Tumor necrosis factor-α; Endotoxin; Nitric oxide; Oxygen free radicals (Odeh, M. (42) 231)

Septic shock; Sepsis; Myocardial depressant substance; Tumor necrosis factor-α; Endotoxin; Nitric oxide; Oxygen free radicals (Odeh, M. (42) 231)

Serotonin; Essential hypertension (Chandra, M. (42) 189)

Serum calcium; Bazett's formula; Q-T interval (Ljutic, D. (42) 161)

Serum electrolytes; Hypertension; Left ventricular hypertrophy; Ventricular extrasystole (Lumme, J.A.J. (42) 71)

Signal-averaged ECG; Acute myocardial infarction; High frequency QRS potentials; Early prognosis (Berkalp, B. (42) 147)

Silent myocardial ischemia; Autonomic diabetic neuropathy; Coronary artery disease; Pain threshold (Hartmann, A. (42) 121)

Streptokinase; Polymorphonuclear neutrophils; Acute myocardial infarction; Chemotactic activity; PMN adherence (Klimas, R. (42) 239)

Tachycardia; Radiofrequency current; Catheter ablation; Wolff-Parkinson-White syndrome (Wang, L. (42) 155)

Thallium-201; Dipridamole; Beta blocker; Asystole; Bradycardia (Roach, P.J. (42) 92)

Thrombolytic therapy; Aortic dissection; Acute myocardial infarction (Melchior, T. (42) 1)

Transluminal coronary angioplasty; Angina pectoris; Revascularisation (Suresh, C.G. (42) 157)

Transoesophageal echocardiography; Myxoma; Left atrial myxoma; Right ventricular myxoma (Sharma, S. (42) 292)

Transseptal puncture; Atrial septostomy; Laser; Echocardiography (Galal, O. (42) 31)

Tritiated catecholamine; Fibrillation threshold; Dihydroxyphenylglycol; HbA_{1c}; Glucose (Al-Adli, N. (42) 21)

Tumor necrosis factor-α; Sepsis; Septic shock; Myocardial depressant substance; Endotoxin; Nitric oxide; Oxygen free radicals (Odeh, M. (42) 231)

Ultrasound; Pericardiocentesis (O'Sullivan, J.J. (42) 95)

Unstable angina pectoris; Angina pectoris; Bicycle ergometry; Coronary angiography; Coronary artery disease; ECG; Exercise test; Non-Q-wave myocardial infarction (Karlsson, J.-E. (42) 47)

Ventricular extrasystole; Hypertension; Left ventricular hypertrophy; Serum electrolytes (Lumme, J.A.J. (42) 71)

Ventricular tachycardia; Endomyocardial fibrosis (Mohan, J.C. (42) 89)

Williams elfin facies syndrome; Case report; Pulmonary artery sling (Okagawa, H. (42) 295)

Withdrawal phenomenon; Nifedipine; Angina pectoris; Exercise tests (Martsevich, S.Y. (42) 298)

Wolff-Parkinson-White syndrome; Radiofrequency current; Catheter ablation; Tachycardia (Wang, L. (42) 155)

Erratum

Abnormal renal function in isolated systolic hypertension correlation with ambulatory blood pressure

International Journal of Cardiology, 41 (1993) 69–75

Unfortunately the names of the authors of this paper were transposed and should have read as follows:

Ming Jian*[a], Li Sheng Liu[a], Guo Zhang Liu[a], De Ren Qiao[b], Xueyan Chen[b], Jiu Fen Zhao[b], Shao Ru Feng[b], Shou Ling Wu[b]

As a result of this error the authors were also incorrectly listed in the contents list of the issue (front and back covers), and subsequently in that of the volume (*International Journal of Cardiology,* 41 (1993) 251). The correct listing in each case is as follows:

M. Jian, L.S. Liu, G.Z. Liu, D.R. Qiao, X. Chen, J.F. Zhao, S.R. Feng, S.L. Wiu

Users of the Subject and Author indexes published in Volume 41 (pp. 254–261) are also asked to note these corrections.
